

CGGS Online Symposium

Coast Guard Global Summit

To maintain, activate and utilize the CGGS network

Tuesday, November 29, 2022

11:00AM-2:00PM(UTC)

Objective

In recent years, dramatic global changes to the natural and social environment has forced Coast Guards and the Agencies with Coast Guards functions (hereinafter referred to as "Coast Guards") to face a wide range of challenges in maritime safety, security, environmental protection and the development of human resources. The objective of the Coast Guard Global Summit (CGGS) is to look for solutions to these global challenges by bringing Coast Guards from around the world together to share experiences and best practices and encourage dialogue to strengthen international cooperation. This symposium will explore ways in which the CGGS website can serve as a platform to best support the active dialogue and cooperation among the world's Coast Guards.
