- 1 Schedule  
May 25<sup>th</sup> (Sat) – May 31<sup>nd</sup> (Sat), 2025
- 2 Location  
Manila, Philippines
- 3 Dispatched Staff  
3 MCT (Mobile Cooperation Team) members
- 4 Participants  
Philippine coast guard officers (PCG)  
The Philippine Coast Guard Through the Fleet Education, Training  
and Doctrine Development Institute (FETDDI)  
Crew of the 44-meter class Multi Role Response Vessel (MRRV)  
Crew of the 24-meter class Fast Patrol Boats (FPB)

#### **5 Activity Overview**

The mission conducted a “Towing Drills” by using a 44-meter Multi Role Response Vessel and a 24-meter class Fast Patrol Boats; both of which were previously given by Japan, and provided practical guidance on techniques necessary for towing and guidance and advice on the towing manual prepared by FETDDI, which is one of the PCG constituent organizations. The JCG also instructed FETDDI staff and instructor candidates, on towing techniques to improve their skills.

#### **(Reference)**

The JCG will continue to strengthen cooperation with other coast guard agencies to realize a “Free and Open Indo-Pacific (FOIP)” .

The JCG will also actively engage in providing technical assistance to coast guard agencies in the Indo-Pacific region.

**Confirmation of Towing status**

**Attachment of Towing rope**

**Lecture on Towing techniques**

**Delivery of Towing rope**
