

JAPAN COAST GUARD

Mobile Cooperation Team

Capacity Building Support for the Djibouti Coast Guard (Overview)

--- JICA Project and IOM Project ---

1 Schedule

- (1) JICA Project: January 17th (Fri) – February 1st (Sat), 2025
- (2) IOM Project: January 23rd (Thu) – February 3rd (Mon), 2025

2 Location

Republic of Djibouti

3 Dispatched Staff

5 MCT (Mobile Cooperation Team) members (JICA:3, IOM:2)

4 Participants

41 Djibouti coast guard (DCG) officers (JICA:25, IOM:16)

5 Overview

- (1) The MCT provided capacity building support to DCG officials in Djibouti through a JICA project to improve law enforcement capacity by conducting stoppage and pursuit, boarding, arresting.
- (2) The MCT conducted rescue training for drifter at sea using Fiber Light Cradle (FLC) and rope-work training to provide rescue technical support to DCG. This is related to the “Search and Rescue Capacity Building Project” that IOM conducts for DCG.

The above training was carried out to support capacity development of DCG staff.
