

# **JAPAN COAST GUARD**

## **Mobile Cooperation Team**

### **Capacity Building Support for the Philippine Coast Guard Officer (Summary of Results)**

#### **1 Schedule**

January 19<sup>th</sup> (Sun)–February 1<sup>th</sup> (Sat), 2025

#### **2 Location**

Manila, the Philippines

#### **3 Dispatched Staff**

3 MCT (Mobile Cooperation Team) members

#### **4 Participants**

Philippine coast guard (PCG)

Crew of the 44-meter class Multi Role Response Vessel (MRRV), the 24-meter class Fast Patrol Boats (FPB) and the Diesel Fast Boats (DF) Officer of the Fleet Education, Training and Doctrine Development Institute (FETDDI) and the Officer of the Special operation force (SOF)

#### **5 Activity Overview**

The MCT members conducted “towing training” for MRRV4407, FPB2401 and DF334 provided by Japan off the coast of Manila in the Philippines. Additionally, we conducted training on “small boat operation”, “damage control”, “arresting techniques” as well as “lecture on safety navigation” for PCG participants.

The Japan Coast Guard (JCG) will continue to strengthen its cooperation with other coast guard agencies to realize a “Free and Open Indo-Pacific (FOIP)”. Moreover, the JCG will also actively engage in providing technical assistance to coast guard agencies in the Indo-Pacific region.

**Towing Training**

**Arresting Techniques Training**
